- He met again with GDC about water service. They now understand that the City will only take their lines if replaced and updated.

- He met again with Rural Water about tie-ins. It looks like there are three locations that would be good for tie-ins. Also, it looks like the project has the support of EPA, the State, and regional authorities.
- The 2018 Code updates came in last week. Our Code Ordinances were several years old and needed updated.
- Figures are now ready to set the minimum acceptable bid for the Last Chance Carryout. According to Mr. Salisbury, all legislation is in place to go forward with selling the property.

Mr. Johnson asked if the old RAX building is being torn down. Mr. Greene confirmed that the owner is demolishing the old building.

There being no further business to come before the City Commission, the meeting was adjourned.
