

TextMyGov Announcement

The City of Gallipolis is thrilled to introduce TextMyGov, a convenient and smart text messaging service that will officially launch the new text messaging system to the public. Residents may receive a text message from **91896** from the city initiating the service. You can choose to opt-out at any time by texting **STOP**.

The City's use of this technology is another example of how our community enhances resident services by implementing 21st-century solutions. We're excited about this new way of communicating with residents and look forward to sharing important city notifications. Other governmental entities across the country are utilizing this system with great success. Stay informed, stay ahead.

Sincerely,

A handwritten signature in blue ink that reads "John Westfall".

John Westfall
City Manager
