FROM THE DESK OF THE CITY MANAGER

PAVING!!!! We hope many of you have noticed that 4th Ave has been paved along with Henkle and Vinton Ave. This was made possible by Tax Dollars. We have applied for another Grant ($400,000) for more paving to go along with Paving Tax Dollars for next year. Fingers crossed that we receive the grant to make the paving project larger.

An official Ribbon Cutting Ceremony was held for the Riverfront renovations by the Governor's Office. However, there are still just a few things that need to be finished up before we can call this project complete. We again thank the Governor's Office for this Grant to make these renovations possible.

Construction on the Splash Pad is officially underway and should be operational next spring. This was made possible by a $100,000 Grant thru Congressional Spending along with a $60,000 contribution from the city. We are excited to see this project complete.

We are sure that everyone is starting to think about Fall Clean Up and all of those wonderful leaves that fall. Please watch our Website for the Leaf Pickup Schedule.

The Holiday Season is upon us and with that comes Gallipolis in Lights decorating the City Park. If you are visiting the park, we ask that everyone be mindful of the volunteers completing all of the wonderful decorations. We appreciate this group of Volunteers for taking time out of their busy schedules to make this possible and to make our park beautiful each and every year!

We hope everyone enjoys the Fall Season and Fall Weather!!!
